

Snitsla CarryWood™

Snitsla Carrywood is made of 16 oz high quality waxed canvas.

Size: 18 inches * 39 inches

Handles: 5,5 + 12 inches long

The firewood carrier has a **short padded** handle to increase comfort when carrying as well as a long **shoulder strap** to make it easier carry long distances.

The open design enables you to carry very long branches or piles to your fireplace.

The **waxed innersurface** makes the bag waterresitante and easy to clean.

The **pockets** of the carrier allows you to bring any accessories you need when out on an excursion. The bag is held together with a **ring and strap closure**

Comfortable to carry with a short and padded handle

Easy to carry with a long shoulder strap

Pockets to bring tools, papers a firestarter or a thermos

A strap and rings for closure
